Illustration Experience

- **Children's Book Illustrator - 2022 - 2025**
***The Mosaic Heart* - Freelance**

Keeping in direct contact with the author, I worked to conceptualize characters and environments as well as the layout of book pages. Receiving prompt feedback, necessary changes were made throughout the project to ensure the book fit the author's vision.

- **Comic Book Colorist - 2024 - Present**
Savannah College of Art and Design

Joining a team of sequential artists and illustrators, I was brought on as a colorist for this student-lead project. Following the production line from penciling to inking, my job was to work with my team to create compelling color maps that invoked the desired tone and mood for each panel and page of the comic.

- **Environmental Conceptual Artist - 2025 - Present**
WayFarer - Student Lead Indie Film

A new project from a SCAD Animation Alumni, my job will be to work with my fellow concept artists to create a series environments and props that show visual development throughout the story.

Accolades

A showcase for Illustration majors, this magazine hadn't been published since 2019. My illustration is highlighted on page 127 showcasing musical artists!

SCAD provided communication workshops that were taught by professors who walked us through how to conduct a professional presentation, what it meant to be a team, how to brand yourself, and more! Completing all of the workshops awarded you with being Communications Certified.
